Important Safety Instructions

Glass Warning.
The glass used in our current table range is known as tempered glass. Although it is up to four times tougher than regular glass, it is not unbreakable.
Tempered glass should be cared for like normal glass. Careless handling or use sometimes produces damage which may not be visible to the eye.
Damaged glass may spontaneously shatter if subjected to thermal or mechanical stress.

- Avoid dropping objects on the glass.
- Do not allow hard or pointed objects to come into contact.
- Use mats and coasters to protect glass from sudden heat change.

Assembly Details

20 MIN		FLOOR AREA 2.0M x 1.5M
Approximate Assembly Time	2 Persons of Assembly	Required Assembly Space

Tips before you start

1. Please check that all parts are present before you start the assembly of your furniture.
2. For ease and speed of assembly, we recommend that before you commence each step of the assembly, that you identify all the parts required for that step.
3. For larger items, please ensure that you have sufficient space and people (as indicated on page 1) to assemble your product safely.
4. We recommend that, where possible, all items are assembled near to the area in which they will be placed in use, to avoid moving the product unnecessarily once assembled.
5. For the protection of your furniture, we recommend that the product is placed on a protected surface during assembly to prevent any damage.
6. During assembly please take care not to over-tighten any fittings, as this may damage the product. Do not use power tools.
7. Always place the product on a flat, steady and stable surface.
8. Do not stand on the product. Do not use the product as a stepladder.
9. This product is intended household use only as it is a non-industrial product.
10. Please use caution and care when lifting the product to avoid personal injury and/or product damage.

Care and maintenance

- When left exposed to the elements for a period of time, steel may rust and fabric may fade.
- To prolong the life of your furniture, clean and dry frame regularly.
- Use car polish or similar product for extra protection of metal components. Use spray lubricant or similar on nuts and bolts.
- To clean cushions, sponge surface clean with mild soapy water. Allow to air dry in the shade. To avoid stains, remove spills promptly. Do not use solvent type cleaners. Do not machine wash, dry clean or tumble dry. Never store cushions when wet. We recommend that all cushions are stored inside to extend their life.
- We recommend storing furniture under cover, out of direct sunlight and using furniture covers when not in use and for protection during the winter months.
