# **WARNINGS**

**Failure to follow these warnings and instructions could result in serious injury or death.**

**These instructions detail the safe use, assembly and maintenance of your product. Please read these instructions carefully and ensure that they are followed at all times.**

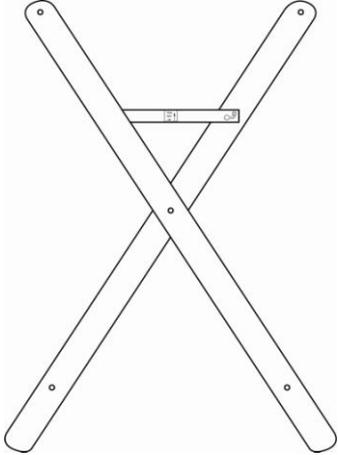

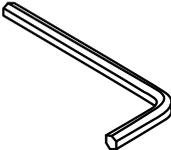

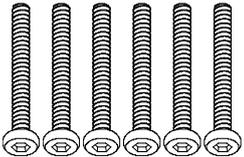

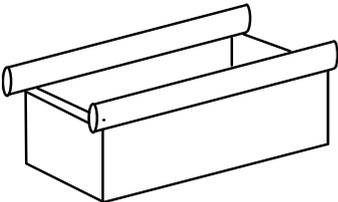

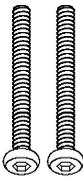

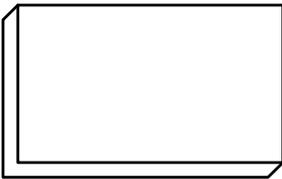

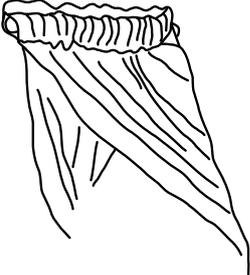

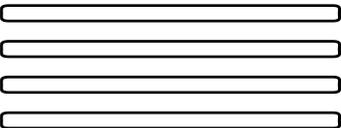

- **FALL HAZARD** - To help prevent falls, do not use this product when the infant begins to push up on hands and knees or has reached manufactures recommended maximum weight, whichever comes first.
- **SUFFOCATION HAZARD** - Infants can suffocate:  
In gaps between an extra pad and the side of the bassinet/cradle.  
On soft bedding. NEVER add a mattress, pillow, comforter, or padding.  
Use ONLY the pad provided by manufacturer.
- Do not leave children unattended.
- To reduce the risk of SIDS, pediatricians recommend healthy infants be placed on their backs to sleep, unless otherwise advised by your physician.
- Never allow young children to play unsupervised in the vicinity of the bassinette.
- Only use the mattress supplied with this bassinette. Never use an extra mattress as this may cause a child to become trapped in the gap between the extra mattress, and the side of the bassinette, and suffocate.
- Do not leave anything in the bassinette such as toys that provide a foothold to enable the child to climb out.
- Keep medication and small items that a child could choke on away from the bassinette.
- Do not use the bassinette near naked heat sources, bar heaters, open fires or exposed flames.
- Keep the bassinette clear of trailing cables or hanging cords and place away from curtains and blinds.
- Do not try to move the bassinette while the child is in it.
- This product is not intended for commercial use.

## **WARNINGS** (cont)

- Use only those accessories supplied by IGC Dorel and approved for use with this bassinette.
- To avoid danger of suffocation, keep any plastic bags away from babies and children. Plastic bags can block nose and mouth and prevent breathing. Bags are not toys. Please dispose of waste packaging thoughtfully.
- Discontinue use of this bassinette if the padded rim has been holed or bitten through.
- Before placing your child in the bassinette, ensure that the cot has been correctly assembled and that all locking devices are fully engaged.
- Strings can cause strangulation! Do not place items with string around a child's neck, such as hood strings or pacifier cords. Do not suspended strings over bassinette or cradle or attach strings to toys.
- The weight of the child shall not exceed **9kg**.

This Instruction Manual applies to Model: **#12470, #12471 and #12472.**

# Component list:

# Component		# Component	
2 x Leg Assembly		1 x Veil Support Rail	
		1 x Allen key	
6 x A Bolts	 M6*60 (frame to rail)	8 x Barrel Nuts	
1 x B Bolt	 M6*40 (Veil support)	1 x Bassinette Bag	
2 x C Bolts	 M6*70 (Frame to rail and veil support members)	1 x Mattress with pre assembled Base Board	
2 x Veil Support Members		1 x Veil	
4 x Round Rails			

# Assembling your Bassinette

- Remove all contents from carton and check that all components listed are present.

 Assembly is considerably easier with two people.

- Each leg assembly comes pre assembled.
- To join each leg. With the arrow on the (**THIS WAY UP**) sticker pointing **UP**, positioning the large hole of the brace over the locking screw on the remaining leg.
- Slide the screw head to the extreme **Right** then **Up** to lock the brace into position, as per **Figure 1**.

 The brace has to be visibly locked while in use.

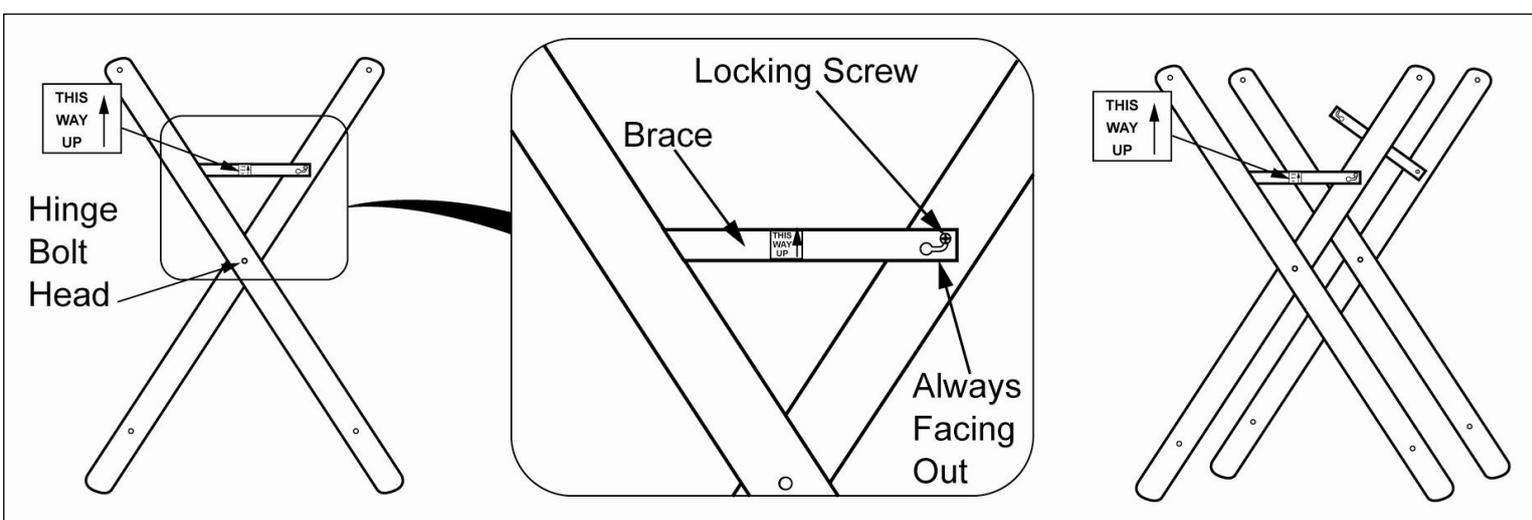

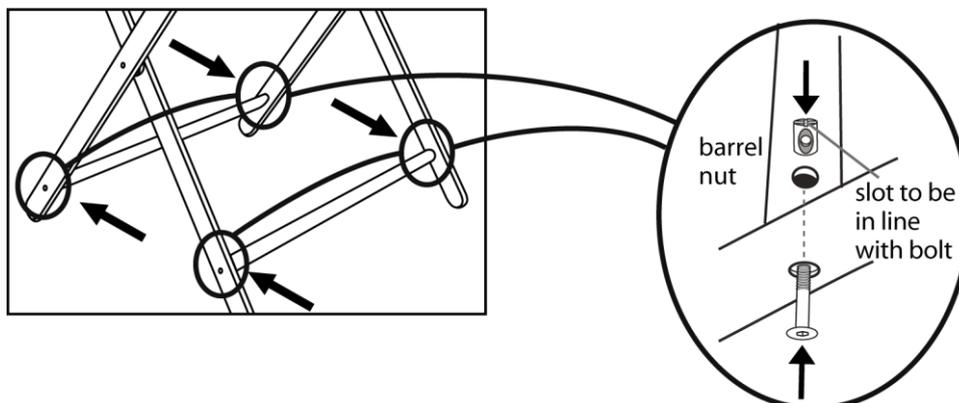

Figure 1

 Repeat for other leg assembly noting that the locking screw is always facing out, as per **Figure 2**.

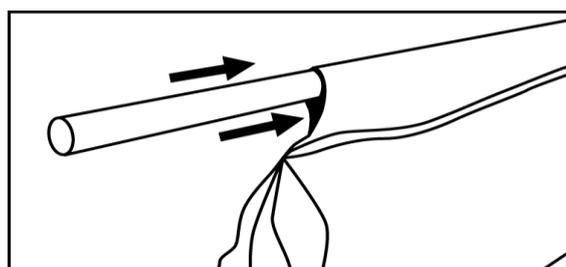

# Assembling your Bassinette (cont)

- Using the 4 A bolts, 4 barrel nuts and Allen key provided, loosely connect two rails to the lower position of the leg assembly, as per **Figure 2**.

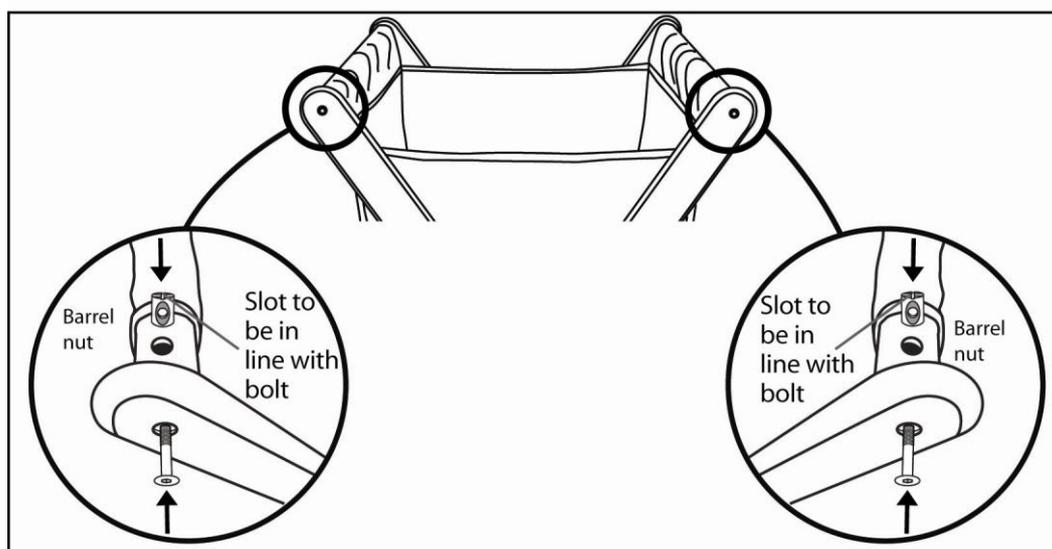

**Figure 2**

- Insert the two remaining (top) rails into the bassinette bag, as per **Figure 3**.

**Figure 3**

- As per **Figure 4**, attach one end of each of the two top rails by:
  - Inserting a barrel nut in each hole as shown.
  - Screwing 2 A bolts on each side of the legs as shown.

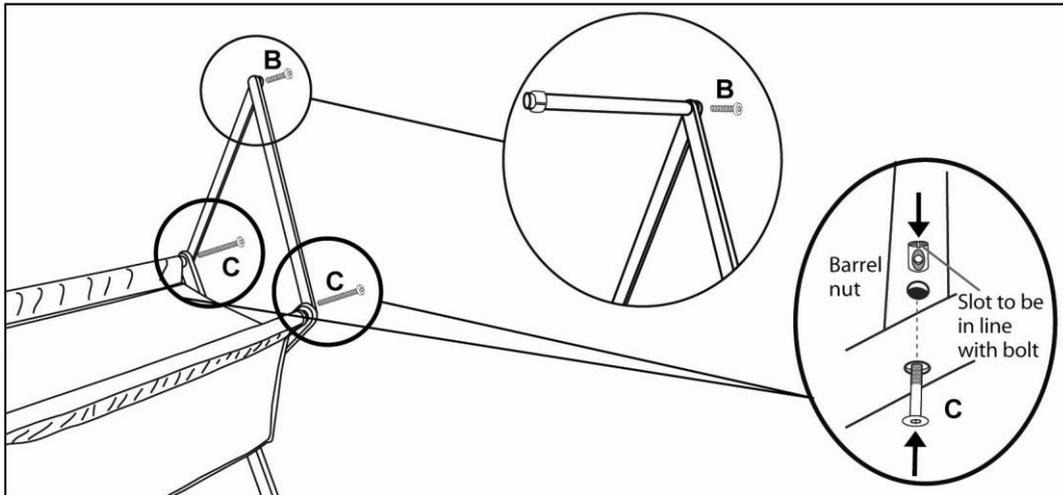

**Figure 4**

# Assembling your Bassinette (cont)

- As per **Figure 5**, attach the two veil support members to the outside of the set of legs by:
  - Inserting 2 barrel nuts in the top rails
  - Screwing 2 bolts C into the unattached ends of the top rails using an Allen key.

✦ Once the bolts have been fitted, rotate the rails so that the slots go underneath and are not visible.

- Attach the veil support rail using one bolt B.

**Figure 5**

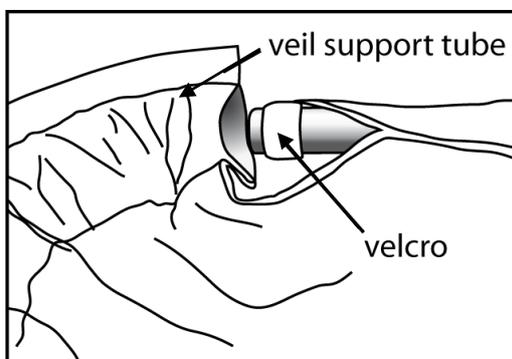

# Assembling your Bassinette (cont)

- Slide the rear of the veil support tube over the front of the veil support rail, as per **Figure 6**.
- Slide all of the veil support tube onto the veil support rail and secure the front of the tube to the Velcro® on the front of the rail, as per **Figure 7**.

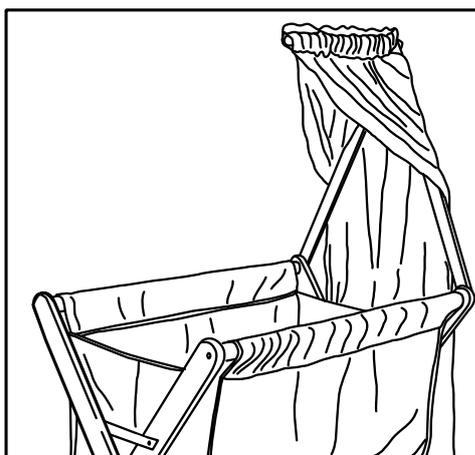

✦ Ensure that the opening in the top rear corner of the veil is positioned, as per **Figure 8**.

- Place the base board and mattress in the bassinette bag.

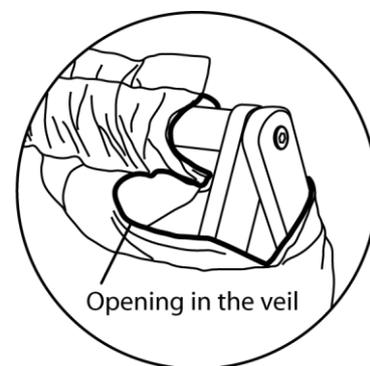

The bassinette is now ready for use.

**Figure 6**

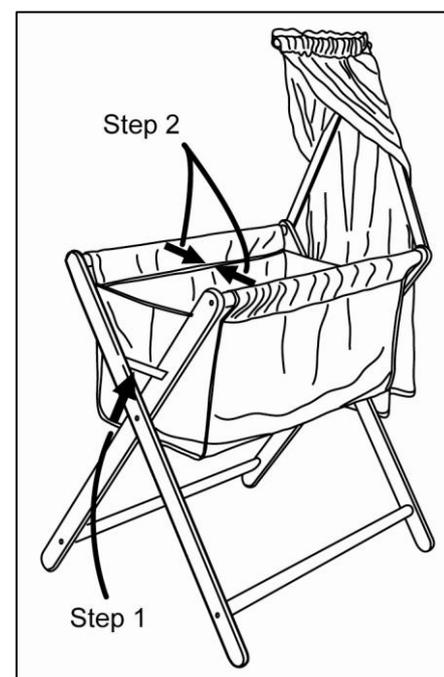

**Figure 7**

**Figure 8**

## TO FOLD THE BASSINETTE

- Lift the end of both metal braces until the screw is in the wider part of the keyhole then unhook, as per **Figure 9 Step 1**.
- Push the two top rails together, as per **Figure 9 Step 2**.

**Figure 9**

# Notes

## Product care and maintenance

- Always store indoors in a clean dry place.
- Do not use abrasives or detergent on surfaces.
- Scuff marks can be removed with mild soap and warm water. Dry with soft towel.
- Regularly check all screws and fittings to ensure that they are tight.
- Damaged components should be replaced as required.
- Replacement parts are available from the IGC Dorel Customer Service.
