

Handmade Photo Gift Wrapping

INSPIRATION STATION

Personalise your gift wrapping this year, with this lovely technique! Your loved ones will be thrilled to see such happy faces adorning their presents. You can make the look nice and festive with the washi tapes and hand drawn illustrations. Read on for the step by step tutorial...

Here's what you will need:

- Kraft paper
- Clear tape and Scissors
- Instax polaroid pics
- Washi tape
- Marker pens (the Uni Posca pens work well)
- Jute twine

Step One: Wrap your gifts with clear tape and plain kraft paper. Stick a polaroid to the front with Washi Tape.

Step Two: Add festive illustrations around the polaroid, in white with a touch of gold and pink.

Step Three: Write the name of the recipient on the bottom of the polaroid, then tie some twine around the gift, finishing with a bow.

Try different designs and combinations, sticking with the same colour scheme and festive style. They will look so gorgeous under the tree!
