Twisted Glitter Glue Slime with Magical Liquid

Supplies needed

- 6oz Elmer's Blue Glitter Glue
- 6oz Elmer's Pink Glitter Glue
- 6oz Elmer's Green Glitter Glue
- 3 portions of $\frac{1}{4}$ cup Magical Liquid

(note: 1 bottle of Magical Liquid can make 4 portions of Slime)

Instructions

1. Pour out the entire contents of 6oz of Elmer's Blue Glitter Glue into the bowl.
2. Add $\frac{1}{4}$ cup of Magical Liquid (see measurements on bottle) and mix a little at a time until fully blended.
3. Mix until slime forms and it begins to get harder to mix.
4. Take the slime out and begin kneading with both of your hands until slime reaches desired consistency.
5. If needed, add a little more Magical Liquid to make slime less sticky.
6. Repeat step 1 to 5, now using 6oz of Elmer's Pink & Green Glitter Glue.
7. Place Glitter blue, pink & green slime next to each other and swirl together.

Note: If you continue to twirl, the colors will eventually mix and become one.

*Adult supervision is required; This project is not appropriate for children under the age of 3 years. Always wash your hands before and after making and playing with slime.
