

# DIY Chocolate Block Wrappers

# INSPIRATION STATION

By Clever Poppy

## step one

Take a wrapped chocolate block.

## supplies

- We used Uniti brand stickers in gold, silver, pink and blue. We also added some script words from Rosie's Studio Bows & Bells pack.
- Try using the Santa's Grotto range of designer papers by Uniti. Or plain coloured paper looks great too!
- These supplies are all available at Warehouse Stationery and The Warehouse.

## step two

Cut a piece of paper to size, and wrap it around the block, securing it at the back with tape.

## step three

Add festive phrases with alphabet stickers. You can also add other stickers to brighten them up.
