**A**

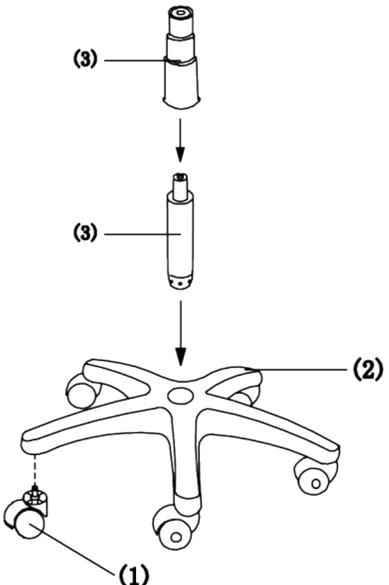

Diagram A shows the assembly of the gas column (3) into the base (2). The gas column is inserted into the central hole of the base. The wheels (1) are then attached to the base.

**B**

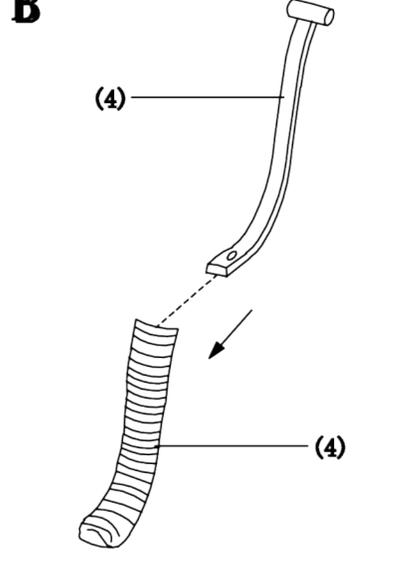

Diagram B shows the back support (4) being attached to the gas column (3). The back support is inserted into the top of the gas column.

**C**

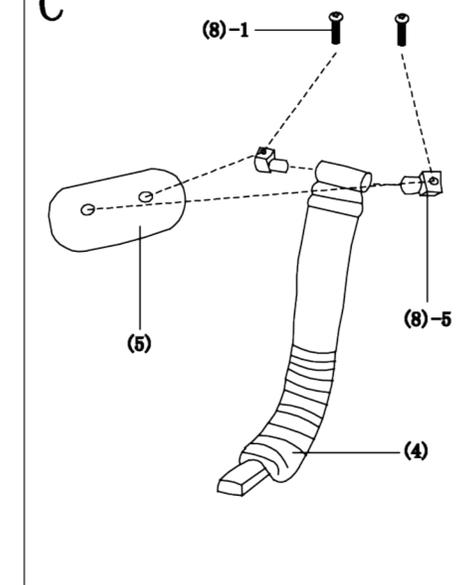

Diagram C shows the backrest (5) being attached to the back support (4). Screws (8-1) and (8-5) are used to secure the backrest to the back support.

**D**

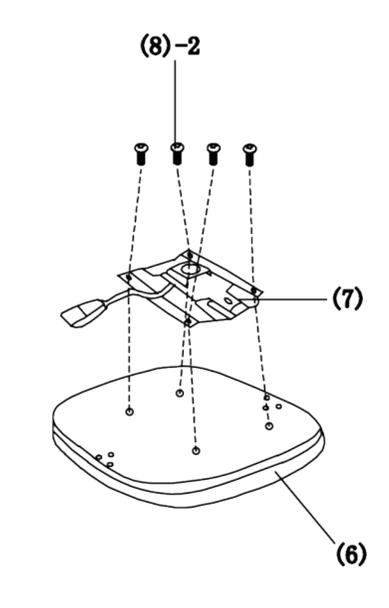

Diagram D shows the seat mechanism (7) being attached to the seat (6). Screws (8-2) are used to secure the mechanism to the seat.

**E**

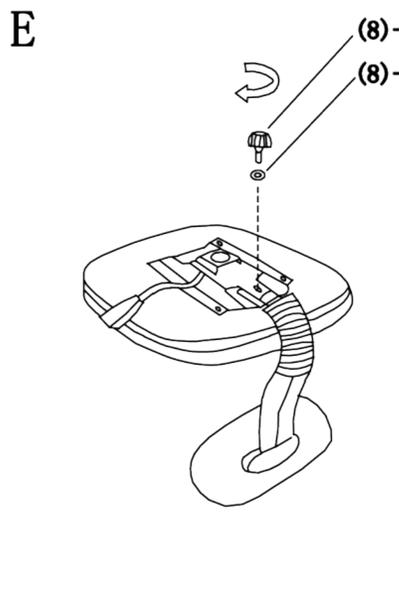

Diagram E shows the seat (6) being attached to the back support (4). Screws (8-3) and (8-4) are used to secure the seat to the back support.

**F**

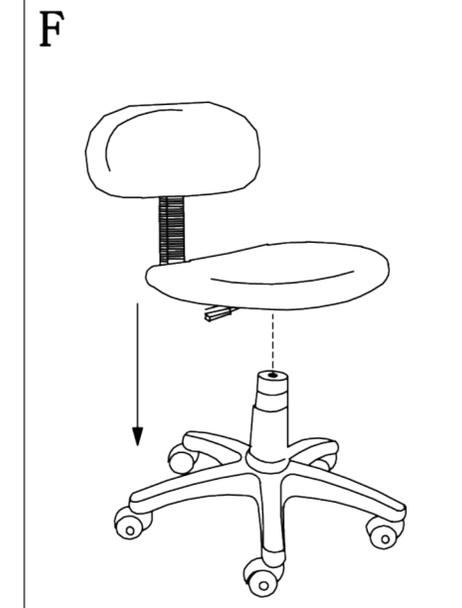

Diagram F shows the final assembly of the chair. The backrest (5) is attached to the back support (4) using screws (8-1) and (8-5). The seat (6) is attached to the back support (4) using screws (8-3) and (8-4). The wheels (1) are attached to the base (2).
