

Hey kids! Cut out these vouchers, fill in the blanks with treats for Dad, and decorate until your heart is content.

Then cut out a piece of card (about 21cm x 7cm) and pop the vouchers into a pile on top of the card. Fold over the right side of the card and staple to secure. Then fold over the left of the card to make a cover. Write a message to Dad on the front, then it's ready to go!
