

## THE WAREHOUSE LIMITED FACTORY LIST FY25

Information in Tables 1 and 2 represents all our private label Tier 1 production sites for The Warehouse and Warehouse Stationery with orders in excess of USD 100,000 in fiscal 2025.

Information in Table 3 represents Tier 2 facilities associated with textiles, wood and paper-based private-label products that account for more than 50% of their fiscal 2025 sales.

Our certainty about the completeness of information in these tables and labour and environmental standards at these sites is provided in good faith and is based on the information accessible to us via the policies and procedures outlined in our FY25 Sustainability Report and on our website. We aim to ensure the information in tables is as accurate as possible but as with any large dataset errors and anomalies can occur. The publication of this list does not constitute an invitation nor permission to visit these factories. These are private businesses - not owned in whole or in part by The Warehouse.
